

DC COMBINERBOX

Collect safely in the field

- Made in Germany
- Cost-optimized
- Customized options

Besides our REFUsol inverters there may be additional components necessary or usefull in a PV plant. You can choose these from our extensive accessory portfolio. Profit from cost-optimized products that are pefectly matched to your plants thanks to a wide variety and individual configuration options. Rely on proven quality "Made in Germany".

The CombinerBox allows the string collection near the solar modules, in order to connect the inverter with an efficient homerun in aluminum or copper. Hereby both – a decentralized as well as a centralized – installation of the string inverters is possible.

DC COMBINERBOX 1,000 VDC

	CombinerBox 10-1, P	CombinerBox 10-1, P, SPDII	CombinerBox 10-1, PM
Art. No. (single shipment)	925001	925002	925003
Art. No. (Paletts shipment)	925011	925012	925013
Description	with Plus Fuses	with Plus Fuses and SPD II	with Plus and Minus Fuses

INPUT

Rated voltage	1,000 VDC		
Rated insulation voltage	1,000 VDC		
Max. Current	10 A per Input		
Plus Connection	10×Fuseholder 2.5...16 mm ²	10×Fuseholder 2.5...16 mm ²	10×Fuseholder 2.5...16 mm ²²
Minus Connection	10×Spring Terminal 2.5...16 mm ²	10×Spring Terminal 2.5...16 mm ²	10×Spring Terminal 2.5...16 mm ²
Cable Glands	4×M32 with multiple seals for 5 cable (OD 5...7 mm)		

OUTPUT

Max. Current	100 A		
Plus and Minus Connection	2×Distribution block 35...120 mm ² Cu/Al	2×Distribution block 35...120 mm ² Cu/Al	2×Distribution block 35...120 mm ² Cu/Al
Minus Connection	2×M40 (Outer Diameter: 16...28 mm) 2×Reducing seal element (Outer Diameter: 12...20 mm) with 2×Blind plugs 7 mm		

PROTECTION FEATURES

DC Overvoltage Protection	-	SPD Type 2 DS50PVS- 1000G/51	-
Grounding Connection	only for SPD: Direct connection to SPD with ferrule max. 25 mm ² , without ferrule: max. 35 mm ²		
Grounding Cable Glands	only for SPD: 1×M20 (Outer Diameter: 6...13 mm)		
DC Load Breaker	-	-	-

ENCLOSURE

Dimensions (H×W×D, mm)	400×400×132	400×600×132	400×600×132
Weight (kg)	4.5	7.0	7.0
Material	Reinforced polycarbonate		
Colour	grey		
Protection Class	II		
IP Class	IP65, UV resistant		
Protective Vent	yes		
Brackets	Brackets included, stainless steel		
Fuses	PV-Fuses 10×38 mm 1,000 V DC not included, order separately: 922013: PV Fuse 10×38 mm 1,000 V DC 15A – Order multiple of 10 (Packing Unit) 922017: PV Fuse 10×38 mm 1,000 V DC 16A – Order multiple of 10 (Packing Unit)
